Commissioner of Patents

The communication, filed on 4/1/03, is non-responsive to the prior Office action, mailed 2/27/03, because of a conflict in the election which has made it unclear which specie is being elected for the first specie election requirement. In the Office action, mailed 2/27/03, specie A is directed to Methods...which do not contain numerical data... and specie B is directed to Methods...which contain numerical data.... Confusingly, applicants elected specie B at the top of page 2 of the response, filed 4/1/03, but then described this as directed to methods...which do not contain numerical data.... Thus the specie B election is described with the specie A subject matter description. The election therefore must be clarified to make the election free of this conflict in intent. Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a time limit of one month from the date of this letter or as extended as follows. AN EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 C.F.R. § 1.136(a) OR (b) UP TO A MAXIMUM OF SIX MONTHS.
